808 Highway 7, Silver Lake

Molly's Café, located at 808 Highway 7 in Silver Lake, on the paved Luce Line Trail, has been owned by Frank Keolfgren for 11 Years. They have 15 employees.

Molly's Restaurant & Café is known for their Molly Melt, hand-crafted omelettes, steak burgers and pulled pork. Specialties include hand-battered fish and mushrooms, shrimp, fresh salads and homemade hot dish. Breakfast is served any time of the day.

We're excited about being right on the newly paved Luce Line State Trail and are opening a healthy snack alternative for trail enthusiasts called Trailberries. Trailberries will offer all natural sandwiches, fruits, vegetables, salads and beverages in addition to trail and biker gear. Starting in August, it will double as a produce stand selling all locally grown fruits and vegetables.

People may not be aware that we offer a private party room that can accommodate up to 55 guests. We also sell beer and wine and have a small gift shop that includes over 100 herbs and spices that we bottle right here in the Café. With the newly paved trail, we also started renting and selling electric bikes and hoverboards. We also operate a small motel and laundromat on the property.

Crow River Winery

14848 Highway 7, Hutchinson

Crow River Winery, located two miles east of Hutchinson on Highway 7, is a winery and events center. Owners Mike and Val McBrady have been in business since 2012.

Crow River Winery offers a unique variety of specialty wines made from cold-climate grapes and locally-harvested fruits. We also carry our very own garlic and pepper wines, which complement the olive oils and balsamic vinegars for those who like to cook with high-quality ingredients. While wine is our focus, our events calendar always has something to do with big events like our annual Grape Stomp in September.

We are proud to be connected to the Luce Line Trail, which offers miles of outdoor adventure. The trail offers beautiful natural scenery, exercise and fun. You can reward yourself with a delicious and crisp fruit wine and refuel with mouth-watering selections from The Bistro.

This fall, look for our new corn maze! Take on the challenge with your friends as you try to outwit the mazer. When completed, it will be among the largest in the state - right in your own back yard - and have unique winery features with games and activities and, of course, plenty of wine for your journey.

New wines will be introduced this year! We can't tell you about them just yet, so subscribe to Crow's Nest eNewsletter to be among the first to find out Visit www.CrowRiverWinery.com/CrowsNest to get started.

The Bistro, introduced just last year, is popular for its

artisan pizzas and appetizers. Our chef is creating new combinations that are sure to please those who like to try new things and experience variety.

The winery's Sunday Music Series continues May-September with hot new acts in addition to returning favorites. This weekly event is becoming THE place to be in Hutchinson. Best of all, the music is free to enjoy.

It's hard not to brag, but the wine has won many medals in national and international wine competitions. Dedication to quality, understanding of the grapes and the agriculture all contribute to a winning finished product. If you would rather choose your own favorite, we have dozens of choices, including our famous Honey-crisp Cranberry and the very unique garlic and hot pepper wines - perfect for mixed drinks and cooking.
